

Establishing a “ unity Centre of Excellence on Campus”

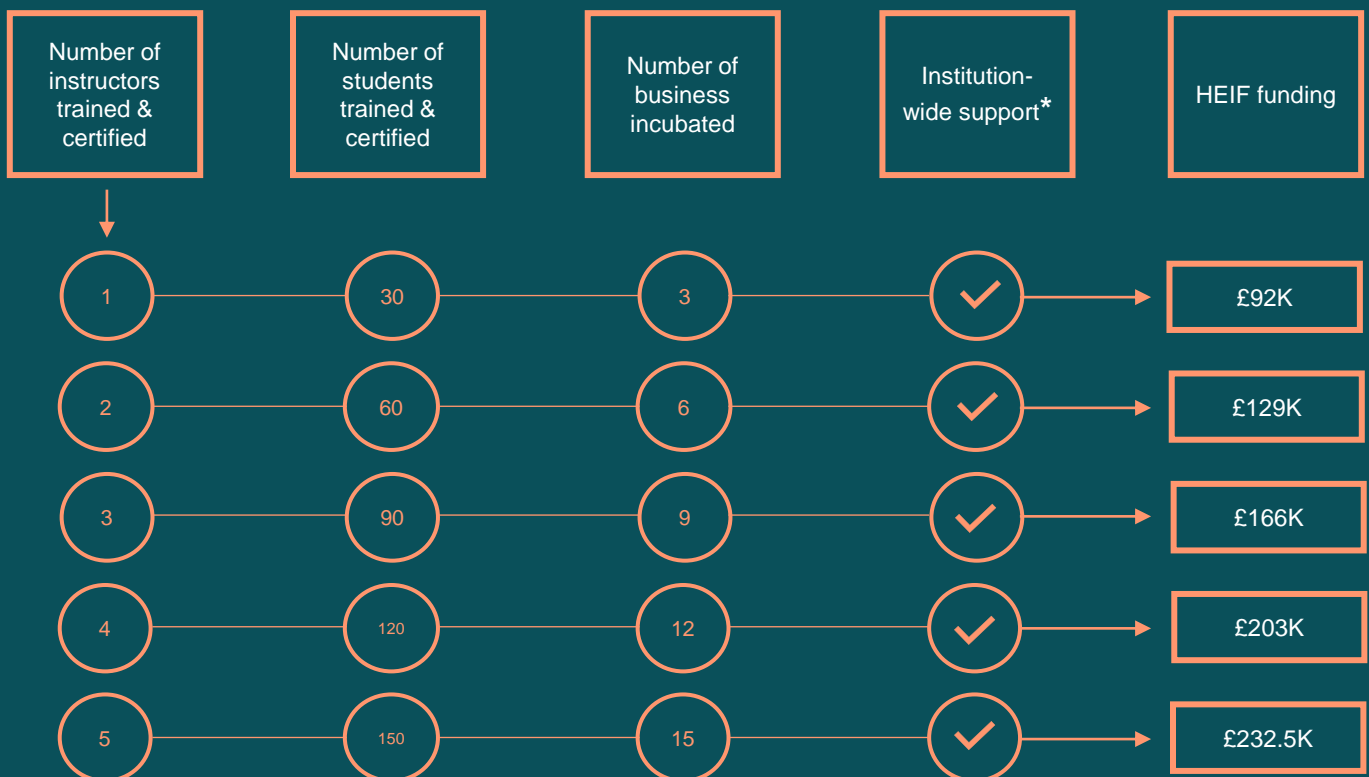

Using HEIF Funding

HEIF funding over 2-years can pump prime establishment of a “Unity Centre of Excellence (CoE) on Campus”, in collaboration with the UK Unity CoE at HOST.

Outcomes include:

- Developing an instructor team at the University, trained and professionally certified by Unity.
- Embedding Unity training into the curriculum to produce highly employable graduates with internationally recognised professional certification.
- Connecting trained instructors to the UK Unity CoE businesses network.
- Connecting Unity Certified students and graduates to the UK Unity CoE job brokerage.
- Creating an industry innovation Hub for the region to generate digital start-up businesses.
- Income generation and business assistance by providing Unity professional CPD in the region.

Impact of investment scales relative to the number of trained instructors as illustrated below:

* Institution-wide support total cost £55K, including:

- Monthly professional update sessions with Unity training experts for all trained instructors.
- Unity academic teaching licence with library of exclusive teaching resources (institution wide).
- Support CoE on campus set-up and development of a recurrent income stream.

Please note, customised and tailored plans can be created to suit your institutions needs.
